

The New Gardens

Come to garden together with a local resident

Interested in growing your own vegetables while practicing French and discovering your neighborhood life? Come and share a small garden with a local resident or family in Lausanne (Montelly and Praz-Séchaud), Bex, Yverdon, Genève (Rigot-Nations, Franchises and Meyrin) or Neuchâtel.

A meeting is organized each month (coffee-gardening) to discuss daily life and gardening.

The workshops take place on Wednesdays at 4pm once a month from April to October included.
